## Synopsis :

Review 'This is a must, must, must read exposition of the side effect of government. It exposes the problem of naive interventionism, the iatrogenics of bureaucracies, and the growing absence of skin-in-the-game (Hammurabi's problem), in addition to the deformities of the modern state, and shows how such a system is bound to explode under the weight of fragility. It is deep, illustrative, witty, pleasant to read. Buy two copies, one for yourself, another for the nearest policy maker.' - Nassim Nicholas Taleb, Distinguished Professor of Risk Engineering, NYU, author of *The Black Swan* and *Antifragile*. 'I am seldom jealous of anybody, but I truly envy Bill Bonner's writing and intellectual skills. I read his notes every day because of his perfect prose and his deep insights into economics, and investment markets. But, *Hormegeddon*, is by far the best Bonner ever produced. It is funny, cynic, sarcastic, highly informative, beautifully written, entertaining, and most importantly, written by a man who is not afraid to tell the truth, and stand up for it. I do not say this often, but when I read his *Hormegeddon*, I was truly in awe.' - Marc Faber, publisher of the *Gloom Boom & Doom Report*, director of investment advising firm Marc Faber Ltd. Read more About the Author Bill Bonner is the co-author of the New York Times Best Selling books *Financial Reckoning Day: Surviving the Soft Depression of the 21st Century*, *Empire of Debt: The Rise of an Epic Financial Crisis*, and *Mobs, Messiahs, and Markets: Surviving the Public Spectacle in Finance and Politics*. He is also the founder and president of Agora Publishing and writes the daily financial newsletter *Diary of a Rogue Economist*. His daily letter is published in 4 countries and reaches more than 250,000 subscribers. Read more
